# **PROMPT CHAIN**

# PROMPT 1: YouTube Title Generator

*Tum ek professional YouTube content expert ho.  
Mujhe beginners ke liye AI aur Coding niche me  
5 catchy aur engaging YouTube video titles generate  
karke do.*

## ***Titles:***

- Simple language me ho*
- Curiosity create kare*
- Beginners ko attract kare*

# Output

1. “AI aur Coding: Beginners ke Liye Perfect Start”

2

2. “Coding Seekhne Se Pehle Ye AI Secrets Jaan Lo”

3. “Beginners ke Liye AI + Coding: Future Ready Kaise Bane?”

4. “Kya AI Coding Ko Easy Bana Sakta Hai? Sach Jaaniye”

5. “Zero Knowledge Se AI & Coding Start Kaise Kare?”

# PROMPT 2:

## Full YouTube Script (800–1500 words)

Add a Tum ek professional YouTube script writer ho.

Mujhe beginners ke liye 1000–1200 words ka YouTube video script likh kar do topic par:

"AI aur Coding ka Future – Students ke liye Game Changer"

Script me ye sab hona chahiye:

- First 10 seconds me strong hook
- Simple Hinglish language
- Real-life examples
- Students ke liye motivation
- AI aur Coding ke benefits
- End me clear call-to-action (like, subscribe, share)

Tone:

Friendly, motivating aur beginner-friendly hona chahiye

# Output

AI aur Coding aaj ke students ke liye ek big game changer hai, kyunki AI machines ko smart banata hai aur coding unhe kaam karna sikhati hai; simple shabdon me, jo student aaj basic coding (jaise Python) aur AI tools samajh leta hai, wo future ki jobs ke liye already ready ho jata hai—real life me dekho, YouTube recommendations, Google search, face unlock sab AI se chalte hain aur inke peeche coding hoti hai; students ke liye iska fayda ye hai ki unke paas multiple career options hote hain (developer, AI engineer, freelancer), college ke saath earning ke chances milte hain, aur global level par kaam kar sakte hain; coding mushkil nahi hoti agar daily thoda-thoda practice ki jaye, aur aaj AI tools learning ko aur easy bana dete hain, isliye jo student aaj start karta hai wahi kal confident aur future-ready banta hai—agar tumhe apna career strong banana hai to AI aur Coding ko ignore mat karo, start karo, seekho, aur aage badho 

# PROMPT

## 3:

# Thumbnail Text + Image Idea

Tum ek YouTube thumbnail designer ho.

Is video ke liye:

"AI aur Coding Beginners ke liye"

3 powerful thumbnail text ideas suggest karo  
(2-4 words ke beech)

Aur har thumbnail ke liye image idea bhi

describe karo:

- Background
- Colors
- Elements (laptop, AI icons, student, etc.)

# Output

*Thumbnail Idea 1 ::---- Text (2–4 words):  
“Start AI Coding”*

*Image Idea: -- Background: Dark futuristic tech background, light digital grid*

*Colors: Neon blue + purple glow*

*Elements:-- Laptop screen par simple code lines Side me glowing AI brain/  
robot icon*

*Ek confused-to-excited student face (before–after style)*

*Feel: Beginner se pro banne ka signal*

*Thumbnail Idea 2:-- Text (2–4 words):  
“Future Ready Skills”*

*Image Idea:-- Background: Clean modern gradient (dark to light)*

*Colors: --Yellow + black + white text*

*Elements:-- Young student laptop ke saath Floating icons: AI, code brackets {}, cloud Arrow ya upward graph (growth show kare)*

*Feel: Career growth & motivation*

 **Thumbnail Idea 3:-- Text (2–4 words):**

**“Coding Made Easy”**

***Image Idea:-- Background: Bright tech studio look***

***Colors: Cyan + white + dark blue***

***Elements:-- Laptop ya tablet screen pe simple Python code AI chatbot icon help karta hua***

***Thumbs-up ya light bulb icon (clarity idea)***

***Feel: Fear-free, beginner-friendly learning***

# **PROMPT 4**

*(Optional):*

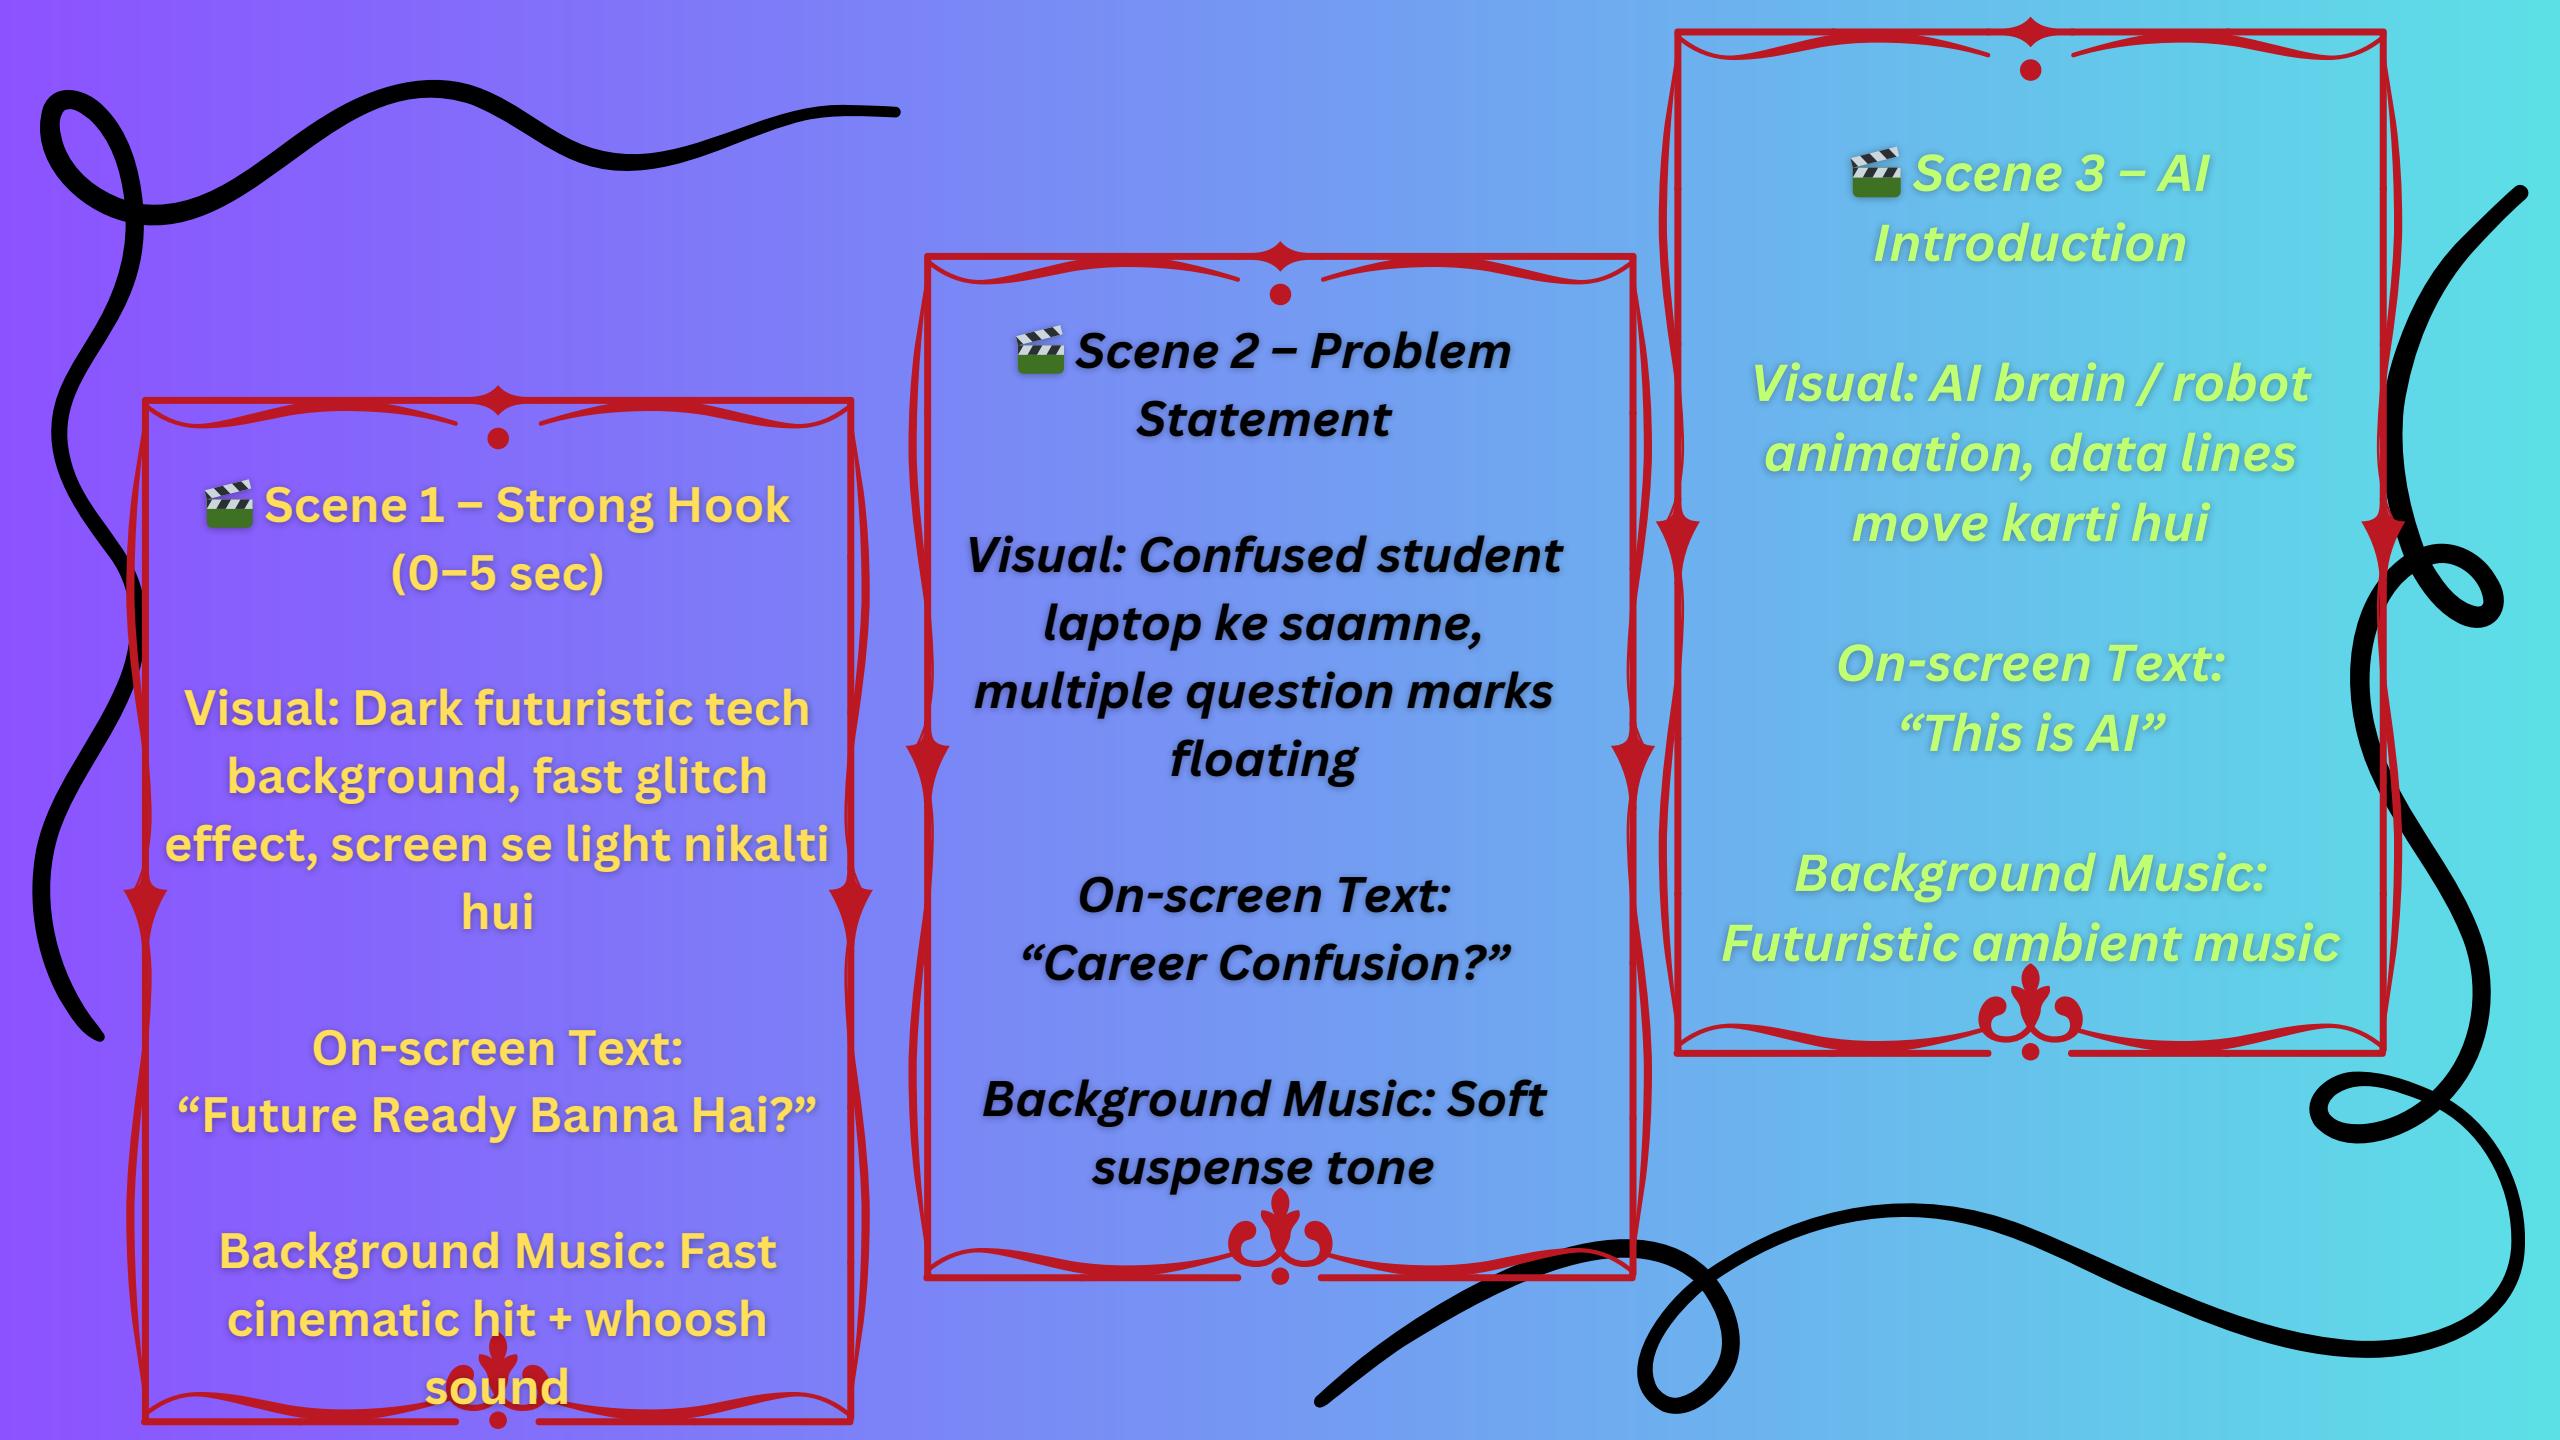

## **Video Scenes Generator**

Tum ek AI video editor ho.

Is YouTube script ko 8-10 short scenes me divide karo.

Har scene ke liye batao:

- Scene ka visual
- On-screen text
- Background music type

## **Scene 3 – AI Introduction**

**Visual:** AI brain / robot animation, data lines move karti hui

**On-screen Text:**  
“This is AI”

**Background Music:**  
Futuristic ambient music

### **Scene 2 – Problem Statement**

**Visual:** Confused student laptop ke saamne, multiple question marks floating

**On-screen Text:**  
“Career Confusion?”

**Background Music:** Soft suspense tone

### **Scene 1 – Strong Hook (0–5 sec)**

**Visual:** Dark futuristic tech background, fast glitch effect, screen se light nikalti hui

**On-screen Text:**  
“Future Ready Banna Hai?”

**Background Music:** Fast cinematic hit + whoosh

**sound**

## Scene 4 – Coding Role

**Visual:** Laptop screen showing Python / simple code scrolling, clean UI

**On-screen Text:**  
“Coding = Power”

**Background Music:** Light tech beat

## Scene 5 – Real-Life Example

**Visual:** YouTube, Google, Face Unlock icons ek-ek karke pop hote hue

**On-screen Text:**  
“AI in Daily Life”

**Background Music:** Smooth modern beat

## Scene 6 – Student Success

**Visual:** Happy student working on laptop, money / growth icons

**On-screen Text:**  
“Students Can Earn”

**Background Music:** Motivational uplifting music

### Scene 7 – Fear Break

**Visual:** “*Coding Hard?*”  
*text toot ke girta hua,  
student confident ban  
jata hai*

**On-screen Text:**  
“*Coding is Easy*”

**Background Music:**  
*Hopeful rise music*

### Scene 8 – Future Vision

**Visual:** Student silhouette  
→ developer / AI engineer  
transformation animation

**On-screen Text:**  
“*Future = AI + Coding*”

**Background Music:**  
*Inspiring cinematic build-up*

### Scene 9 – Call To Action (Ending)

**Visual:** *Subscribe, Like,  
Share buttons animated,  
bright background*

**On-screen Text:**  
“*Start Today* 

**Background Music:**  
*Positive outro music*
